Flood Control Is Getting A Boost From Tallahassee

Funds For Engineering Are Provided In A Mutual Effort

The I. L. Board in Tallahassee has made Duke, Palm Beach and Broward counties a proposition to take up half of a needed \$120,000 so that engineering parties may begin at once surveys and plans for the first phase of the \$208,000,000 flood control program for the southeast Florida. The appropriation has not been made yet and the Corps of Engineers are without funds to begin the surveys. This action is intended to hasten the commencement of actual work by six months.

Similar action has been taken before by public bodies in anticipation of appropriations already authorized.

The II Board takes the position, led by Governor Caldwell, that local agencies should participate to the extent of 50% in lending this money, particularly because of the first phase of the overall plan is to dike the coastal cities from overflow of Glades and back country waters. This dike, also would form a part of the permanent structure.

The diking off of Conger's Highway on a line some miles north and parallel to the highway is also a part of this original plan, we believe.

Chairman Hillsborough of the Everglades Drainage Board is optimistic about securing the necessary \$80,000 from the three southeast counties in the next few days.

This action means to South Florida a genuine interest on the part of our Tallahassee officials in the final consummation of the third most important historical event in the progress of South Florida and the state of the Glades: (1) The building of the dike by the Federal Government; (2) The refunding of the Everglades dikes.

Millage Out In Proposed Budget

The City Fathers introduced for its first reading and consideration a proposed budget for the coming year's operation, and directed the millage from 16 to 14 to produce a total of \$187,828.68 for the fiscal year beginning October 1, 1948 and ending September 30, 1949.

Significant in this proposed budget is an item calling for an income of \$15,000 from a tax on public utilities; this item has an intention to reinstate this tax, which three members opposed according to campaign promises.

Another is for fire and police departmental radio—\$3,000. Of the total assessment on real estate of \$6,705,108, we find \$1,999,063 of exemptions of \$1,382,379 is for home stables. This homestead exemption would produce approximately \$20,000 in taxes and this amount must be for home stables.

The current year's budget calls for \$161,000; next year's is some \$6,000 more.

Palmer Yacht Docked At Belle Glade Port

E. R. Lott, the owner, has moved his 50 foot yacht from the basin at Lake Worth, and has anchored it at the Belle Glade port, on the Okeechobee waterway, and is utilizing it for home purposes.

The craft is a beautiful 50 foot boat, and is attracting much attention at the fishing camp. The boat was built only two weeks ago and has been used in the Caribbean Sea. Both Lott and his wife were on the boat last year.

Good Corn Harvest In Moore Haven

L. C. Strayer, a former Arkansas farmer, who came into the Glades county over a year ago, to try out experimental farming, got into the new corn deal this spring along with J. E. Beardsley, owner in the Moore Haven section. They are now gathering and processing their crop in a plant provided for Strayer. Last week he shipped 30,000 pounds of shelled corn to Atlanta, for which he received \$1.75 for a 56 pound bag. The balance of the crop is booked for Tampa seed plants at a seed higher quotation. The corn grown by Strayer and Beardsley was of the "Big Joe" type.

New Industry For Twenty Mile Bend

Announcement is made by officials of the Mineralized Products Co., that it will soon start operations on the construction of buildings for the car and truck industry. The business will be the processing of muck soil for use as fertilizing on golf courses and other recreational areas. The investment will be around a half million dollars, including a drilling plant, well in the area. The product will go largely to Florida fertilizer plants.

Assignment Of School Faculty To Serve Coming Year

Teachers who are to be employed in the Palm Beach County school system, will report at the West Palm Beach High school, on Monday, August 16, to receive their assignments. The group will include the teachers of the elementary schools, the high school, and the vocational schools. The assignments will be made by the school board, and will be based on the needs of the schools for the coming year.

The faculty positions of the Belle Glade schools are all filled. The assignments of teachers, a few new ones are, as follows: First grade, Ruth Irvin, Mrs. J. R. Dickinson, Mrs. M. J. Murphy and Mrs. Granger. Second grade, Mrs. G. W. Moore and Mrs. G. W. Moore. Third grade, Mrs. M. J. Murphy and Mrs. Granger. Fourth grade, Mrs. G. W. Moore and Mrs. G. W. Moore. Herald's Foreign Correspondent Flying To The Dominican Republic

Major John D. Pickett, properly accredited Foreign Correspondent for THE HERALD of the Caribbean area, is leaving on a plane for Ciudad Trujillo, Dominican Republic for several weeks. He is going to report on the situation in the Dominican Republic, and to see the President, Generalissimo Francisco S. Caesario.

South Bay Youths Travel States In Mode A Ford

Report Of 8700 Mile Trip In 35 Days Makes Interesting Story Of Travel

Donald Barnes, youngest son of Mr. and Mrs. E. B. Barnes, and Billy Strickland, son of Mr. and Mrs. J. W. Strickland, of South Bay, have just returned from a motor jaunt through the middle and far west that took them through 19 states excluding Florida, in 35 days at a total cost of \$300.

The two teen age boys drove a Model A Ford 8700 miles with but two flat tires the entire distance, and with very little car trouble. They had to walk 6 miles near Biloxi, Miss., for a new oil. They report that they only encountered one bad driver in the Yellowknife area.

LaBelle Booked To Secure Small Sugar Plant

Neils B. Bach, a former Philippine sugar plantation operator, now visiting in his home land of Denmark, has conveyed to business men of LaBelle, that when he returns to this country in September, he will set about to build a small sugar mill on land he purchased from the Buchanan's at Cape Bend.

He plans to go into the car business and will use his plant to process his own cane, and that of other growers if a sufficient number can be secured, to permit of a larger plant than he now contemplates.

Back came to the LaBelle section some months ago and was impressed with the section, and so made land investments, and did a lot of data gathering for use in his future operations.

Glades Chevrolet Leads Last Half With Six Wins

Three games were rained out last week in the local softball league on Thursday night. The game was played on Monday and Wednesday nights until the games were made up.

On Friday night rained threatened but held off long enough for the Glades Chevrolet team to play the first half of the first inning in the competition between Murphy's and Billy's Restaurant was played due to the rain storm.

The one game played was a tight one as both teams took the field with a determination to win. The Glades Chevrolet team led in the first half of the first inning and then picked up 3 more in the fifth. In the third inning, Billy's team picked up four runs on two walks, a homer by McDonald and a two base hit by Crowley. Big Preparations For County Wide Boynton Picnic

Thousands Will Be Drawn To Boynton On Labor Day Planned Large Program Feasted

Palm Beach County's Labor Day Free Barbecue, September 6th at Boynton Beach is to be financed on a county-wide basis, John Bollinger, Barbecue Committee General Chairman, has announced.

Back came to the LaBelle section some months ago and was impressed with the section, and so made land investments, and did a lot of data gathering for use in his future operations.

Local Police Cars To Be Equipped With 2-Way Radios

Three members of the City Commission transacted the business of the session Wednesday night, as Commissioner Harold Rubin is out of the city on an trip. The trio transacted considerable important business of interest to the protection and welfare of the city.

First, the city police cars are to be equipped with two way radios. This equipment will be operated by the fire department. When the books were opened for registering and qualifying for members of the City Commissioners, three of which are to be selected at the September 14 election, a bunch of four candidates dropped in and made the city treasury.

Junius Harris, former chief president of the Chamber of Commerce, was taken to task in his hat into the ring by qualification for the one year term established by the resignation of George Scarborough, in District 3.

Frank Dooley, long time citizen, and now an employee in the office of the Belle Glade Farm-ers Co-Operative, signed on the dotted line as a candidate from Group 1.

Two qualified for Group two, namely Councilman Harold Rubin, seeking a second term, and Natlie Taylor, long connected with the Wedgworth estate affairs.

Dead line for qualification comes on August 20th and it is expected by that time that several more candidates will qualify.

If you're not afraid of POLIO then you don't have to pay your own duty. Doctors have advised constant sprays by home owners of garbage and garbage cans. Some municipalities have had garbage sprays cans after emptying. Some daily treat the garbage cans with disinfectant.

Medical science has looked flies, and roaches more or less unduly. POLIO, medical men will not definitely say you won't have POLIO if flies and roaches are kept down, but any local doctor will tell you that after the last polio scare here, then after during has been consistently and vigorously practiced.

We now have 4 cases of polio from Belle Glade. Dr. Clark, who has been a member of the local police force has resigned and has gone to the east coast to engage in other work.

R. C. White, who resides at South Bay, has taken the vacancy on the force.

Glades Appliance Takes Over Additional Space

The Glades Appliance Corporation, which has had a retail store in the Belle Glade hotel block, has now taken over the south room space, recently vacated by the Pears Department store, and will use it for ware house space.

Following the luncheon, Mrs. Dooley opened the worship program with the call to worship. The Scripture and meditations were given by Mrs. Milton Bury, and the prayer by Mrs. John Gledhill gave a most interesting report on the early schools of Puerto Rico. She also reviewed the 3rd chapter of the study book, "Ten Thousand Years" by Richard T. Baker.

The next meeting will be at the church August 25th. All members are urged to attend and bring literature to be sent to Puerto Rico. Mrs. Hugh Bratley will be hostess for this meeting.

Stuart Minister Resigns

Rev. William G. Aldridge, who for nearly four years has been the efficient pastor of the Stuart Methodist Church, is to resign the pasturship this week. He will rest vacation from ministerial duties, and will go to Keystone Heights.

District Superintendent H. W. Blackburn of Miami, has not named his successor. The church gave the retiring pastor a farewell reception and many gifts.

what they want to do, based on freedom of action. While in Russia under the Communist rule, everyone works for the state, and are bound up in a rule of political expediency, as the Government may order and execute.

Here in America he stated that the Communist work in 3 departments, Labor Unions, Racial and Minority Groups, and among the Youth of our land, and that they are doing effective work, which must be strongly combated unless we want to see American come into their hands.

He cited that Communists use blueprints of what their program of activity will be, and they go about by direct and hidden methods to gain their objectives. That they have proven time and again that their main objectives are not for the betterment of the groups with whom they work, as it is directly for their own personal and selfish benefits.

Even an attempt to give a short synopsis of Mr. Kallenborn's powerful, educational, informational address, would fail to give him or his subject justice. He speaks with a vim and vigor in a convincing manner.

more momentum as more people to the county lend their support to the annual Barbecue.

Sheriff Kirk, a week ago organized the campaign for funds on a pro-rata basis of population in the communities of the county. Mayors of each community were named as chairman to finance campaigns in their own communities. Plans this year for inviting Government dignitaries are more extensive than last year with invitations issued to State Supreme Court Justices, the Governor and his Cabinet, the entire State Legislature, the Governor-Elect, and the entire delegation to the U. S. Senate and House of Representatives.

Senator Claude Pepper and Representative Dwight L. Rogers have accepted invitations to date according to Bollinger. Senator Spessard L. Holl and has said that he will attend if Congress is not in session. All other members of the Senate and House of Representatives have also been invited Bollinger said.

At the Barbecue thousands of pounds of beef will be served by 100 women at the Farmers Market on Labor Day.

Plans have been made for a variety of entertainment is reported. Arrangements are under way to set up concessions supplementary to the Barbecue. Names of the Finance Committee in Belle Glade include N. D. Lloyd, Mayor, Chairman and Henry Earwood and A. E. Kirchman as co-chairman.

Mrs. Neuman Miller Dies At Palm Beach

The many friends in the Glades, of Attorneys Newman Miller and Writing T. Miller, of West Palm Beach, will regret to learn of the sudden death of Mrs. Frances Miller, wife and mother, at the Miller home in West Palm Beach on Sunday morning. The immediate cause of death came from a stroke although the deceased had long been an invalid.

Mrs. Miller was for many years prominent in civic, church and club work and was highly esteemed in her large circle of intimate friends.

She was a graduate of DePaul University of Greenacres, Ind., and a member of the First Methodist Church, and a number of college sororities.

Funeral services were held at the Maxwell-Simon-Faville funeral home on Tuesday afternoon and burial was made at Hillcrest Cemetery.

Fish Ponds Becoming Popular In Florida

Farm and fish ponds constructed in Florida now total 371 and represent an increase of 103 per cent in the number of ponds since the first of last year, the research and industrial division of the Florida State Geologist's office stated yesterday in its weekly business review.

"Of the completed total 175 ponds are artificially constructed and classified as farm ponds since their principal purpose is to serve as farm reservoirs. These ponds, in addition, are stocked with fish. The remainder, or 196 ponds, are fish ponds."

The Rev. and Mrs. Gordon E. Rev. are here at the reception following the ceremony, honoring their niece and her husband.

The bride is the graduate of the Pahokee High School, and attended the Palm Beach Junior College and is a graduate of the Jackson Memorial Hospital School of Nursing at Miami and a member of the Delray Beach Junior Women's Club.

The bridegroom is a member of the Delray Beach Police Department and the young couple will be at home following their honeymoon tour of southern states at their new home on S. W. First Ave., Delray Beach.

Floriculturist Presents Program

The Woman's Home Demonstration Club met at the Recreation Hall on Thursday. The entire hour was given over to a talk by Laymon Hardy on grafting, budding and inarching tropical fruits and plants.

He demonstrated methods of budding and grafting citrus recommending sour orange root stock for this area. He also had a demonstration of a cork tree on a water oak by the method of inarching and recommended marching for mangoes.

He is now conducting some interesting experiments using the local custard apple or pond apple stem f or a root stock for the Chirimoya, Sugar Apple, Sour Sop, Illama and Atamoya. The Atamoya is a hybrid of the Chirimoya and the Sugar Apple and a choice fruit as are the Chirimoya and Illama.

The Illama, he stated cannot be grafted or budded directly on the custard apple but may be sandwiched or budded upon a graft on any of the others above named which is growing upon the pond apple root.

Mrs. Leon and Mrs. Kelley Willis were hostesses for the afternoon and served individual cup cakes and a fruit drink to Mrs. Mollie Covell of Oklawaha, Mrs. Holger Lyngbalm of Belle Glade, Miss Sara Horton, Miss Ingrid Therese of West Palm Beach, Mrs. Verda Higginsbloom, Mrs. Marvin Miller, Mrs. B. Barnes, Mrs. G. J. Bar-
